February 27, 2023**

## ALL GIRLS ROBOTICS

(Gr.6-8)

## STEAM Co-Ed (Gr. K-6)

Campers are introduced to age-appropriate activities and experiments which allow them to explore the fundamentals of science, technology, engineering, arts, and math. Carefully planned activities keep the learning program interesting, fun, and exciting. Campers will be divided into groups of girls with similar developmental levels which will help each girl learn at her own pace. Interactions, discussions, and cooperation are emphasized.

### Gr.6-8 Camp Sample Activities Robotics and Coding

- Introduction to FIRST Tech Challenge
- Engineering and Coding Skills

### Gr. K-5 STEAM Camp Sample Activities

#### Sensational Science

- Data Collection Lab Activities
- Story Science

#### Technology Design

- Introduction to Coding
- Electric Circuits
- Robot Demos

#### Engineering Excitement

- Lego Building Challenges

#### Art Adventures

- Photography
- Print Making

#### Math Marvels

- The Puzzling Tower of Hanoi
- Math and Mysteries

## Frequently Asked Questions

### What is the length of the summer programs?

The program runs for one week. Because we have a fixed counselor/camper ratio, we cannot accommodate a single-day booking. Campers must be enrolled for the full week.

### What is the counselor/camper ratio?

1 to 7 ratio

### Is space limited?

Space is limited by grade level. We will do our best to accommodate as many children as possible. Your child may be placed on a waiting list if a grade slot is full. Please register early to improve your chance of admission.

### When do I register and pay?

Online registration begins February 27. After registering, an email confirmation will be sent within three business days. If space is available, the email will include payment details and camp forms that must be completed to finalize the registration process. If space is unavailable, your child may be placed on a waiting list in case a slot opens up.

### What do campers need to bring and wear?

Campers need to bring a bagged lunch. They need to wear athletic shoes and comfortable clothing that is easy to move in. Some activities may involve campers getting dirty or wet. Swimsuit and towel will be needed for the sports camp.

### What is provided?

Daily snack and drink as well as a T-shirt. Students need to bring lunch from home.

### What is the cancellation policy?

Requests for cancellations and refunds must be made by May 24, 2023. No refunds will be made after that date.

## CO-ED SPORTS

GRADES K-6

### FUN FOR AGES 4-6

Carefully planned activities keep the learning program interesting, fun, and not exhausting. High-activity exercises are spread between less physically-demanding activities. Groups of comparable development will be created so the campers can develop at their individual rates. Swimming is taught and used as a cool down in high temperatures. Team interactions and cooperation are emphasized. Enjoyment, not competitive results, is our objective.

### EXPERIENCE FOR AGES 7-11

These campers are introduced to the fundamentals of sports. Campers spend time with staff members learning both individual (swimming, tennis, golf, and archery) and team sports. Rules, strategies, skills, and competitive knowledge will be taught.
