SALEM PHILOSOPHY

Salem Academy is committed to providing a secure, structured, enthusiastic environment for youngsters of all ages. The Academy's professional staff and counselors will run the day to day operation of the camp utilizing their personal skills and talents to make sure that the campers have an enjoyable and productive learning experience. A strict camper/counselor ratio of no more than seven campers to one instructor provides individual attention while in a group learning situation. A variety of sports will be introduced. Activities will be geared to ensure that campers will improve motor skills, eye-hand coordination and sports knowledge, preparing them for a lifetime of both individual and team competition. The strength of the Salem Academy Sports Camp is its plan to meet the individual needs of campers while building character and increasing confidence.

FACILITIES

Salem Academy has some of the finest facilities to be found in any one location. Our camp will be based on the Academy soccer field. The lawn behind the soccer field will have a tent with picnic tables and will serve as camp headquarters. Additionally, the grassy area behind the soccer field will be used for archery, frisbee, and other lawn games. Salem also houses two full air conditioned indoor gymnasiums. Campers will have access to our 25 yard indoor pool for daily swimming instruction with use of full locker room and bathroom facilities. Tennis instruction will take place on our brand new tennis facility. A golf range is located on the field beside the tennis courts.

HALF DAY JUNIOR SPORTS CAMP CO-EDUCATIONAL FUN FOR AGES 4-6

Carefully planned activities keep the learning program interesting, fun and not exhausting. High activity exercises are spread between less physically-demanding activities. Groups of comparable development will be created so the campers can develop at their individual rates. Swimming is taught and used as cool downs in high temperatures. Emphasis is on small equipment for development of eye-hand coordination, stamina, strength and balance and ball awareness skills. Team interactions and cooperation are emphasized. Enjoyment, not competitive results, is our objective.

HALF DAY SENIOR SPORTS CAMP CO-EDUCATIONAL EXPERIENCE FOR AGES 7-11

These campers are introduced to the fundamentals of the sports. Campers spend time with staff members learning both individual (swimming, tennis, golf and archery) and team sports. Rules, strategies, skills and competitive knowledge will be taught.

Our program is flexible so even if weather interferes, activities and learning continue with the use of indoor facilities.
