

Salem Academy Student Handbook 2018-2019

MISSION

Now in its third century of sustaining a community in which girls learn best, Salem Academy remains dedicated to fostering the intellectual, spiritual, social, and physical growth of young women. Founded in 1772 by the Moravian church, Salem Academy flourishes today as an independent, college-preparatory school that celebrates its diversity and affirms each student's uniqueness. As advocates for women in leadership roles, we recognize our place in a global society and persist in our commitment to a lifetime of learning. We pledge ourselves to retain and nurture those values which encourage each student to take risks, show integrity, and discover her passion as she sets out on her own journey.

Nondiscrimination Statement

Salem Academy does not discriminate on the basis of race, color, national origin, *sex, *gender identity/ expression, sexual orientation, age, religion, disability, or any other category protected by applicable law in the administration of its educational programs and student activities and services. *As an all-girls school, Salem Academy admits only female students as permitted by law. The following person has been designated to handle inquiries regarding the nondiscrimination statement: Erin Jones Adams, Title IX Coordinator and Assistant Vice President for Administration Inspector's House, 601 South Church Street, Winston-Salem, NC 27101 (336) 721-2702, erin.adams@salem.edu

THE HONOR PLEDGE

All students sign the Honor Pledge prior to coming to Salem. It is each student's intention to uphold the pledge to the best of her ability.

1. I will accept responsibility for my actions and accept their consequences while at Salem Academy and in the community. This means that I will obey both the rules of the school and the laws of the land.
2. I will not lie or deliberately make a false statement with intent to deceive.
3. I will not cheat. Cheating is the giving or receiving of information that leads to an unfair advantage over others.
4. I will respect the property of others. I will not take another's property without her permission. I will not steal, damage, or destroy property that does not belong to me.
5. Salem Academy students have the privilege of self government. I must support and manage that system. Should a violation of Salem rules occur, it is my responsibility to uphold the system by either confronting the violator or by reporting the violator to the appropriate person through any of various means designated by the Academy.
6. I will be honest and considerate in all of my actions.

Salem Academy Student Handbook 2018-2019

Dear Salem Academy Students –

You are holding in your hands a goldmine of information! The 2018-2019 Student Handbook has been revisited and edited to make certain that you are provided with the expectations of being both a student and a member of the Salem Academy Community, and it is our responsibility to know what is included in these pages and to abide by these expectations every day.

If you look on the inside cover opposite this page, you will see three (3) important aspects of Salem Academy: Mission, Nondiscrimination Statement, and The Honor Pledge. These are the backbone of everything that we do here, so knowing that you now possess these attributes as a Salem Academy student automatically puts you ahead of many of your peers across the country and across the globe.

My advice to you, especially if this is a lot of information for the beginning of the school year: Read the Table of Contents, and then read it again. You will undoubtedly be curious about some the topics, and you need to make certain that you aren't caught off-guard with a holiday or tradition, a required event, or a dress code infraction. As I always say – it is easy to follow the rules when you know what they are, and inside these pages is where to find them.

I want to welcome you to what promises to be an exciting year ahead! The Academy Faculty and Staff are ready to teach you, advise you, support you, and help you in your classes and activities, and as I stated above, this Student Handbook will provide guidelines and explanations for you when you need a quick answer to a question. (And if you cannot find the answer here, let us know so that we can add it!)

Far may our song ring clear,
Carol Killebrew
Head of School

THE HONOR TRADITION

The Salem Academy community is based upon the Honor System, which is the backbone of our life together at Salem. It is a system that fosters trust, responsibility, and a sense of the value of each individual member. This trust permeates all facets of our life and is an integral part of our Salem family. Each individual member must recognize the importance of the Honor System and accept it as her basis for citizenship at the Academy.

THE HONOR CABINET

The Honor Cabinet is the top branch of Student Government, coordinating all other branches of government within it. Matters relating to integrity in academic areas in classrooms, study halls, language labs, science labs, computer lab and the library, and in social areas in the dormitory, on school trips, and within school activities, are handled by the Honor Cabinet. Its chief function is to advise and guide through constructive counsel and leadership. It is concerned primarily, not with the rules themselves, but with the spirit behind the rules. It does deal with actual rules when necessary.

It endeavors to recognize social problems that are surfacing and begins to try to correct the situation. The Honor Cabinet hears cases and recommends disciplinary action to the Administration.

The Honor Cabinet is composed of the following members: the Honor Cabinet president, the Student Council and House Council presidents, 2 elected members (1 day and 1 boarder) from each class, and 2 faculty advisors.

THE HONOR PLEDGE

All students sign the Honor Pledge. It is each student's intention to uphold the pledge to the best of her ability.

1. I will accept responsibility for my actions and accept their consequences while at Salem Academy and in the community. This means that I will obey both the rules of the school and the laws of the land.
2. I will not lie or deliberately make a false statement with intent to deceive.
3. I will not cheat. Cheating is the giving or receiving of information that leads to an unfair advantage over others or using someone else's work as my own.
4. I will respect the property of others. I will not take another's property without her permission. I will not steal, damage, or destroy property that does not belong to me.
5. Salem Academy students have the privilege of self government. I must support and manage that system. Should a violation of Salem rules occur, it is my responsibility to uphold the system by either confronting the violator or by reporting the violator to the appropriate person through any of various means as designated by the Academy.
6. I will be honest and considerate in all of my actions.

HONOR CABINET PROCEEDINGS

1. A student who must appear before the Honor Cabinet first meets with a faculty advisor of the Honor Cabinet. The advisor explains the Honor Cabinet meeting procedure, states the allegation(s) made against the student, and informs the student that she has the opportunity to defend herself against the allegation(s) and to answer questions asked by the Honor Cabinet and/or the faculty advisors to the Honor Cabinet.

2. The student is responsible for notifying her parents at this point. (She will be given the opportunity to do so).
3. Once the meeting starts, the student is reminded that she is under the Honor Code. She is questioned by both student members and faculty advisors of the Honor Cabinet.
4. The meetings are recorded and notes are taken.
5. The student cannot return to class, etc. until all proceedings are completed. She may be asked to appear before the Honor Cabinet more than once.
6. The Honor Cabinet presents recommendations to the administration. The administration makes all final decisions on the case.
7. After a decision has been reached, the Head of School or dean of students will contact parents.
8. Whenever a student is either suspended or dismissed, an announcement of the disciplinary action may be made to the student body. If such an announcement is made, it will include the reason for the disciplinary action and the penalty imposed by the administration.

ADMINISTRATIVE ACTION

The administration reserves the right to explore allegations or charges made against students, to determine guilt or innocence, and to impose penalties without referral to the Honor Cabinet. This right is most likely to be exercised concerning charges that a student has broken state or federal law, but may be used for any infraction.

The administration reserves the right to search student rooms, electronics and digital devices, lockers, cars, and personal belongings at any time that the school has suspicion that a student is in possession of illegal, stolen, or dangerous materials.

The administration reserves the right to discipline any student who engages in behavior which endangers her own life or who engages in behavior that is a direct threat to the health, safety, or lives of others. Such discipline may include suspension or dismissal, depending upon the circumstances.

MAJOR RULES

ACADEMY JURISDICTION

All members of the school community representing the Academy are accountable to the rules and regulations as outlined in this handbook. For the resident students, Academy jurisdiction is in effect at all times, including travel to and from the Academy, except: (1) during scheduled vacations off-campus, (2) when a student is in the presence of her parents or guardian off-campus.

For non-resident students, Academy jurisdiction is in effect while a student is on campus, while she is participating in Academy-sponsored activities, and when she is in the company of resident students. It should be noted, however, that non-residential students will be held accountable for behaviors that the Honor Cabinet and Head of School deem to be detrimental to the reputation of the school. This includes inappropriate use of social media.

ALCOHOL AND DRUGS

While under the jurisdiction of the Academy, no student shall possess or consume alcohol or other intoxicants.

No student shall possess or consume drugs except by a doctor's prescription and under the supervision of the school nurse or dean of students. Possession and/or consumption of illegal drugs will result in dismissal. Further, substances that appear to be illegal or controlled (by virtue of sight, smell and other contextual factors) will be treated as such and are prohibited under this policy. The abuse of any legally obtained drug or controlled substance is prohibited and will result in disciplinary action, which may include dismissal. Possession of drug paraphernalia and the action of giving or selling of drugs or alcohol to other students also results in disciplinary action, which may include dismissal.

For vaping, juuls, cigarettes, and electronic smoking devices, see the section below.

ABSENT WITHOUT PERMISSION

Students must be accounted for at all times in order to ensure their safety. Students may not leave the building or the campus without going through proper permission procedures. Leaving without permission falls into two categories:

1. Failure to comply with procedure: forgetting to sign-out or get parental permission. Handled by the dean with a demerit penalty.
2. Intent to leave without proper permission: leaving with the intent to break the rules of permission procedure. For example: "sneaking out" of the dorm at unauthorized times, "running away," and hiding from school or parents, going to an unauthorized destination, leaving and intentionally not signing out. Automatic disciplinary action will be taken.

SMOKING/VAPING

No student is allowed to smoke, vape, juul, or use any type of electronic cigarettes, hookah pipes, or smoking apparatus while under the jurisdiction of the Academy for their health and well being. Consequences for this infraction range from demerits to suspension.

BRINGING UNAUTHORIZED PERSONS ON CAMPUS

Automatic disciplinary action will be taken.

HARASSMENT

The Honor Pledge includes the promise to be honest and “considerate in all my actions.” Mutual respect and consideration are essential to a positive sense of community within the school. Therefore, no harassment in any form, one student to another, will be tolerated. Harassment includes any action which deliberately attempts to create an intimidating, hostile, or offensive environment for another student. Examples of harassment include but are not limited to: sexual harassment, use of racial or ethnic slurs, physical assault, written notes or letters intended to embarrass or offend another student, the creation of inappropriate websites, sending inappropriate emails or text messages, or posting or forwarding inappropriate comments on social networking sites.

PLAGIARISM

According to the *MLA Handbook*, “To use another person’s idea or expressions in your writing without acknowledging the source is to plagiarize. Plagiarism, then, constitutes intellectual theft” (30). While plagiarism is a moral and ethical offense, it may also be a legal one. As the *Handbook* of the Modern Language Association indicates, “Because of the omnipresence of the Internet and the ease with which it is possible to download and duplicate Internet publications, many people think online materials are free to be reproduced and distributed at will. The truth is that most materials on the Internet, like most printed works, are protected by copyright law” (34). At Salem Academy, plagiarism will be viewed as deliberate, not as a misunderstanding of citation requirements or as the result of ignorance of the rules. Such a deliberate offense, therefore, can merit serious consequences. For a student’s first plagiarism offense, she receives a “0” on the work and is charged with an Honor offense. A second offense results in an honor offense, a zero on the assignment, and suspension. The third offense results in dismissal.

* Gibaldi, Joseph. *MLA Handbook for Writers of Research Papers*. 5th ed. New York: Modern Language Association of America, 1999.

GENERAL BEHAVIOR

When students enroll in Salem Academy, they and their parents agree to support the spirit and the intent of all school rules and regulations. This understanding is part of the enrollment contract and the Honor Pledge. Parents delegate to the Academy the responsibility for the authority over students while enrolled. In return, the Academy agrees to do all in its power to care for the students’ well being in a healthy, safe, and wholesome environment.

We expect students to display good manners, use proper language, be polite, and

observe the most basic rules of common courtesy. This expectation includes everything from being attentive to speakers on our campus to sending thank you notes when appropriate to not chewing gum, eating, or drinking at inappropriate times. Students greet each other and faculty members when they meet on campus or in town. Students should offer assistance to visitors on campus. Appropriate behavior is expected at all times both on and off campus.

A student's conduct, whether a day or boarding student, is subject to public scrutiny and as such contributes significantly to how the Academy is perceived. As a guiding principle, students should keep in mind that they are never free to do anything that detracts from the good name of their families or that of Salem Academy. Students do not have license to compromise the spirit of the Academy's philosophy or the intent of its rules, their own personal safety and well being, or that of others. Students may not break federal, state, or local laws, or be an active or passive participant while those laws or school rules are being broken.

1. All students stand for adults wherever they meet on the school grounds. The only exceptions are the auditorium for assemblies, the computer lab, and an adult passing through one of the lounges. However, if an adult approaches a student in one of the lounges to engage in conversation, then the student must stand.
2. There are always limits to acceptable behavior. Excessive displays of affection often create unfavorable impressions about those involved, detract from the standards of the Academy, and make other students and faculty uncomfortable. Public displays of affection are deemed inappropriate and therefore are prohibited.
3. All members of the community must show respect for the property at all times. No abuse of furniture, walls, doors and no writing on furniture, walls, doors or any part of the building is acceptable and no litter will be tolerated.

SOCIAL MEDIA GUIDELINES

By signing the Honor Code, students accept the responsibility of representing Salem Academy in the community and serving as ambassadors for our school. This includes the online community. In all text, email, and social media interactions, an Academy student must:

1. Show respect for the diverse culture of our student body and for that of the greater community. Absolutely no slurs against any race, color, religion, gender, ethnicity, financial status, sexual orientation, or disability will be tolerated.
2. Express personal opinions confidently, but respectfully.
3. Wear appropriate clothing.
4. Use appropriate language at all times.
5. Refrain from posting content related directly or indirectly to alcohol, smoking, or illegal drug use.
6. Refrain from posting negative comments about other students or faculty members; even if the person's name is not mentioned (ie: "subtweeting").
7. Refrain from using any form of social media during class unless authorized by the teacher.
8. Note: The above guidelines apply to all forms of social media, including but not limited to Facebook, Twitter, Instagram, Snapchat, YouTube, Tumblr, blogs, dating applications/

websites, and other related sites.

Consequences for violating these guidelines will range from demerits to expulsion, depending on the severity of the violation. If a member of the school community witnesses any misuse of social media, she should report it to faculty, staff, or school administrators. In certain cases, the Head of School may refer the reported incident to the Honor Cabinet.

DISCIPLINARY ACTION

Some disciplinary actions are imposed by the dean of students, the house staff, faculty, or prefects. Actions of a more serious nature are handled by the Head of School.

Levels of disciplinary action include:

1. Work detail, extra study halls, loss of privileges
2. Campusing — either to building or historic district
3. Suspension and probation (suspension includes a daily 2-point quarterly grade reduction in each class)
4. Dismissal — When a student has been dismissed, she may not return to campus until after her graduation date.

CONSEQUENCES FOR INFRACTIONS OF MAJOR RULES

Each case heard by the Honor Cabinet is reviewed individually and recommendations made based on the circumstances of that case. The following consequences are a guide to be used; however, consequences are not limited to those listed, and each case will be considered on its own merits. The final decision rests with the Head of School.

DRINKING — suspension or dismissal, depending on the circumstances. Bringing alcohol on campus carries a more severe penalty than consumption or possession off-campus.

DRUGS — possession or consumption of illegal substances – automatic dismissal. Abuse of medications – dismissal or suspension depending on circumstances.

SMOKING, VAPING, AND/OR ELECTRONIC CIGARETTES — 1st offense – work detail and notification of parents; 2nd offense – suspension.

LEAVING WITHOUT PERMISSION (Sneaking Out) — suspension or dismissal, depending on the circumstances.

STEALING/SHOPLIFTING — automatic dismissal.

HARASSMENT — handled administratively by the Honor Cabinet, and consequences determined depending on the circumstances of the case.

CHEATING and/or PLAGIARISM — 1st offense – appearance before the Honor Cabinet and a “0” on the work; 2nd offense – suspension; 3rd offense – dismissal.

The administration reserves the right to discipline any student who engages in inappropriate behavior, including behavior which endangers her own life or is a direct threat to the health, safety, or lives of others. Such discipline may include suspension or dismissal, depending

upon the circumstances. In the event that a college or university asks, suspensions and dismissals will be reported.

CONFIDENTIALITY

The term confidentiality implies that information will not be shared. However, students and teachers need to clearly understand what is appropriate and ethical in exchanging confidences.

SELF-REFERRAL

Students with personal problems of any kind may seek counseling and advice from either the school counselor, the chaplain, a member of the nursing staff, or another faculty or staff member. It is important that the student understand there are differences in the way that each of these persons handles information of a confidential nature.

1. We want to encourage students to self-refer and not punish them for voluntarily seeking help. Students who discuss personal problems of any nature with the chaplain, the school counselor, a member of the nursing staff, or a licensed mental health provider outside of the school are guaranteed strict confidentiality, as prescribed by law, between them and the adult whose counsel they have sought.
2. Students who reveal a problem to a faculty member should understand that appropriate school officials and parents will be notified of the problem on a need to know basis. Students should understand that although they will not be dealt with according to the letter of the disciplinary code (as if they had been caught), they will be expected to show serious commitment to overcoming the problem by engaging in appropriate strategies as prescribed by school officials and parents. Students in this category should understand that any further violation of the major school rule would likely result in dismissal.
3. No student **discovered** violating any school rule has any claim on the principle of confidentiality. All such incidents must be handled through established disciplinary procedures.

REFERRING ANOTHER STUDENT

If you are concerned about the behaviors, decisions, or habits of a roommate or friend, then you may be able to help the friend without triggering a disciplinary response. The procedure is as follows:

1. Bring your concern to the attention of one of the following adults: the chaplain, the school counselor, or a member of the nursing staff. To avoid an immediate disciplinary response for your friend, it is important that you speak **only to one of the above-mentioned adults** and **NOT** to another member of the faculty or staff (see “Important Note” below). If you speak to one of the above-mentioned adults, then your conversation will remain confidential, as prescribed by law.
2. The adult that you confided in will talk with your friend and encourage her to begin seeking help. Your name will not be brought up as the source of information without your prior consent.

3. If your friend is ready to seek help, then she may enter into a confidentiality agreement as prescribed in #2 of the Self-Referral section above.
4. If your friend is not interested or willing to seek help, then no further action will be taken. Still, your friend will know that someone was concerned enough to speak to an adult and that her behaviors, decisions, or habits are being noticed.

Important Note: In some cases, students will reveal confidential matters about other students to faculty members. If the student reveals first-hand or verifiable information to a faculty member about a potential dismissal offense that faculty member must intervene and investigate directly, and when appropriate, report the matter to the dean of students. When possible, teachers will protect the name of the student who reported the suspicion or offense.

Teachers are obligated to report and discuss such matters with the dean of students.

ACADEMIC LIFE

Students of Salem Academy are expected to commit to a lifetime of learning by pursuing a mastery of the subjects, by developing effective study habits and mature attitudes toward work, and by thinking critically and creatively. Salem expects students to look within as well as to look outward towards their place in a global society. Simply stated, Salem expects students to be in class, on time, prepared, attentive and cooperative, willing to participate, and respectful of all the rules in the classroom and of the school.

THE CLASS DAY

THE CLASSROOM

1. All students are expected to be on time to all classes. Demerits will be given for late arrival. Four tardies result in an unexcused absence, which carries a penalty of a 2-point deduction from the quarter grade.
2. If a teacher is not in her classroom after the time for the class to begin, the class is to have an honor study hall until she returns. Should the teacher not return, students remain in the classroom until dismissed by another faculty member or the end of the period.
3. Students stand when a teacher enters the room.
4. Girls may not chew gum or take food or drinks (except water) anywhere in the classroom building. Water is not allowed in the computer lab.
5. Cell phones must be turned off when in the classroom building.

ASSEMBLIES AND DEVOTIONS

1. Girls should be on time and sit in their assigned seats.
2. No books, papers, etc. are to be taken into the auditorium. Cell phones are to be turned off.
3. Girls may not chew gum or take food or drinks (including water) into the auditorium.

CLASS DAY STUDY PERIODS

1. New students are automatically assigned to library study hall during unscheduled periods until the end of first quarter. New boarders are additionally assigned to evening study hall until the end of first quarter. Returning students have free campus during unscheduled periods unless otherwise assigned.
2. Students may lose their free campus status for abuse of the privilege. Abuses include: excessive noise, being in unauthorized areas, failure to use time effectively, being late to following classes, excessive demerits.
3. The director of studies or the dean of students may assign individual students to a particular place, such as the library or the learning center, for study periods. A student is not allowed to sign out of her designated location unless she submits a note signed by a faculty member who will assume responsibility for her whereabouts. Students should arrive promptly and use their study time profitably.
4. "Free Campus" areas include: front and back yards of the Academy, rec room, other

student lounges, library, computer lab, and student rooms (boarders). Students may not “hang out” in offices, tag room, or hallways in any part of the building.

5. The study hall room, learning center, and library are always available for quiet study. Study rules are in effect at all times.
6. Students may not leave the immediate vicinity of the Academy. Should a need arise, special permission must be obtained from the dean of students or one of her staff.
7. A student will not be dismissed early from school because she has a free period at the end of the day.

CLASSES AT SALEM COLLEGE

Academy students are by no means guaranteed the opportunity to take classes at Salem College, and any request to take a Salem College class is considered on a "space available" basis. Students may not take a College course in lieu of the same offering at the Academy or a course that is an Academy graduation requirement.

Seniors may take introductory level college classes on a space-available basis, provided that they have an overall B average in their morning/academic classes at the Academy and the course is approved by the appropriate Academy department chair. The required average must have been obtained in the semester prior to their enrollment in the course.

The only college courses juniors may take are upper-level language courses or courses in a language not offered at the Academy. Juniors also must have an overall B average in their morning/academic classes at the Academy in the semester prior to their enrollment in the course, and the course must be approved by the appropriate department chair.

Students are subject to Academy rules for attendance, tardiness, dress, and behavior while they are taking college classes.

Any rare exceptions to these rules may be made with the approval of the student's advisor, the department chair, the director of studies, and the head of school.

International students are not allowed the use of translators for any test, quiz, in-class essay, or exam. Only dictionaries in book form are acceptable.

DUAL ENROLLMENT COURSES

Seniors have the opportunity to take dual enrollment courses: college courses taught by

Salem Academy faculty members for Salem College credit. Students enrolled in these courses will receive a progress report at the midpoint of the semester but may not receive a quarter grade. Detailed grading information for each semester will be provided in the course syllabus. Students who take these courses may not exempt the semester exam.

VISNET (Virtual Independent School Network) ONLINE COURSE POLICY

1. Students and their parents must sign a contract agreement/application and follow the code of behavior.
 2. All virtual classes are subject to the Salem Academy Honor Code.
 3. VISnet classes are open to all students who feel capable of independent learning.
 - a. A B overall average is required for students interested in taking an AP class
 - b. Students must have the approval of the department chair, their advisor, and the Director of Studies
 4. Students may not take a virtual course that is already offered at Salem Academy.
 5. Students may not fulfill a graduation requirement through a virtual course.
 6. Students are required to meet on a regular basis with their Academy on-site facilitator.
 7. Students will be limited either to one single full-year course *or* two single semester classes in a given school year.
 8. Students may select classes only from the Academy list for 2018-2019 which is posted on the Academy website (Academics/Course of Study).
 9. Grades for any online class will be averaged as 20% for progress and 80% for course work.
 10. Courses will factor into the GPA and Advanced Placement classes will receive 2.0 quality points.
 - a. Courses will appear on the transcript as an online virtual class.
 - b. The *School Profile* will explain the VISNET Consortium and indicate which AP classes are taught online.
- 11. Salem Academy tuition does not include the cost of any online class.**
12. VISNET taught courses do not allow Salem Academy faculty to serve as tutors or teachers for virtual classes; students must use their online teacher and resources available to answer questions or seek assistance.

Advanced Placement (AP) courses will receive 2.0 quality points added to the GPA, and honors courses will receive 1.0 quality point. Salem College courses and VISnet learning AP courses also receive 2.0 quality points. The five core academic classes, fine arts classes, and religion are calculated in the GPA. Only Salem Academy/College courses and VISnet courses are factored into the official cumulative GPA.

ADVANCED PLACEMENT (AP) EXAM POLICY

1. AP exams may be taken **only** by students enrolled in the official College Board approved AP course at Salem Academy for that subject.
2. Students enrolled in an AP course are not required to take the exam.

EXAM EXEMPTION POLICY

For seniors enrolled in a year-long course, exemption from the final exam is a privilege. The basic school policy is that seniors may exempt the final exam in any full-year course in which they have at least an 83 average first semester and at least an 83 average second semester and no unexcused absences *or* penalty absences during the second semester. In the event that a student reaches 5 excused absences during the second semester, she will be required to take the final exam. Absences due to school sponsored events are not counted in determining exam exemptions. Juniors enrolled in AP-level courses who meet the above requirements are eligible to exempt their spring exam if they have taken the AP exam. The final decision on exemptions from the spring exams belongs to the academic department. Exemption from an exam does not mean that any student may adjust her remaining exam schedule from the published dates and times of exams.

THE LIBRARY

1. The library is used primarily for research, word processing, studying, and reading.
2. In order to check out library materials, all students must have a Salem barcode picture ID.
3. While students may check their school related email, no talking, texting, instant messaging, or other forms of social media should be used during library study hall.
4. Students are allowed to check email during breaks, free assembly time, and before and after school. Students observed using their phones or laptops for email or social media during regularly scheduled class time will receive demerits.
5. Reference materials, periodicals, and books should be left on the study tables, at the circulation desk, or in the book drop to be returned to their proper location by the library staff. The library should be kept neat and clean at all times. **Periodicals, reference books, reserved items, and AV materials should never be removed from the library.**
6. No food, drink, or gum chewing is allowed in either the library or the computer area. **Cell phones must be turned off when in the library. No personal items may be left in the library.**

7. Computers, printers, and other equipment are for use by the faculty, staff and students at the Academy. Abuse of any equipment and/or furniture will result in the loss of privileges. If a student is unsure how to use any equipment in the library, the library staff should be asked for assistance.
8. All students must have current and up-to-date **Electronic and Computer Lab Use Form** signed by a parent or guardian on file with the dean in order to access the Internet.
9. Library hours are: Monday-Thursday - 7:00 am-10:00 pm, Friday - 7:00 am-5:00 pm; Saturday - 1:00 pm-5:00 pm; and Sunday - 3:00 pm-10:00 pm.

ACCEPTANCE USE OF TECHNOLOGY POLICY

As in all aspects of life, a user of computing facilities should act in a manner consistent with ordinary interpersonal and ethical obligations. Cheating, stealing, making false or deceiving statements, plagiarism, vandalism, and harassment are just as wrong when done using technology in the context of computing as they are in all other aspects of conduct. Individuals should use only those computing facilities they have been authorized through ordinary channels to use. The complete usage policy of the school is on file in the dean's office and with student forms on the website. Use of internet materials without proper citations is considered plagiarism. (See Major Rules section).

GENERAL ACADEMIC POLICIES

1. Only courses previously failed at the Academy may be made up in summer school. Any summer school program must be approved by the Academy.
2. Salem does not give credit for courses completed under a tutor during the summer.
3. Every student must take five major courses for credit each semester.
4. If a student drops a course after ten weeks, her grade will be recorded as *Withdrawn/Failing* unless deemed otherwise by the head of school. This grade will not affect her class rank.
5. Specific policies for individual departments are on the website (*Academics*) and are communicated to students at the beginning of school.
6. Salem Academy does not offer a “semester away” program. While a student is enrolled, she is required to take all courses for credit at Salem Academy and College. The only exceptions to this rule are summer school classes when a student has failed a class and electives taken during summer school in order to compensate for a deficit in graduation credits. In rare cases, a student may be approved to attend an accredited program in the first semester of her sophomore year. Such an approval is made by the head of school, the dean of students, and the director of studies.
7. International students are not allowed the use of translators for any test, quiz, in-class essay, or exam. Only dictionaries in book form are acceptable.

ABSENCE POLICY

EXCUSED ABSENCES

An excused absence is one in which no academic penalty is imposed. Excused absences include:

Illness

Family emergency

Field trips, sports team events, school-sponsored trips

Scheduled absences – an absence where a student and her family have prior knowledge of the absence. A request form must be completed by both the student and her parents. It is the student's responsibility to request this form from the dean of students. A student takes the form to each of her teachers for a signature. **This procedure must be completed one week in advance of the absence.** Failure to do so results in a warning for the first offense, and the absence becomes a penalty absence for the second offense.

Examples: College days*

Medical appointment (an entire day of school)

Religious observances

Family obligations

*College Days – a pink form must be received from the dean of students and completed a week in advance of the absence. The completed form is returned to the dean of students. College days may not be taken during December or May. Students are required to provide evidence of each college visit.

PENALTY ABSENCES*

A penalty absence is one in which a penalty of Saturday morning study hall, loss of free campus, and/or work detail is imposed as a consequence of the absence.

Examples: Oversleeping – 1st offense (Saturday morning study hall)

Excused absences not cleared by the end of the quarter of the absence

Scheduled absences not cleared a week in advance

Missing of required events

*The school reserves the right to designate penalty absences.

UNEXCUSED ABSENCES*

An unexcused absence results in a 6 demerit infraction assigned by the instructor, and in the case of a suspension, it will hold the academic penalty of a 2-point grade deduction for the quarter.

Examples:

Cutting of class

Oversleeping – 2 or more offenses

4 tardies accumulated in any one class (late for more than 1\2 class

time means an unexcused absence)

Suspension – carries the Academic Penalty and probation for the remainder of the school year.

Leaving early or returning late from a vacation

*The school reserves the right to designate unexcused absences.

ABSENCE LIMITS

When a student misses the maximum class periods per semester in any given class, whether excused, unexcused, or penalty absences, she may lose credit for the course. When a student becomes in danger of reaching our absence limits, her advisor will reach out to the student's teacher to propose strategies and a calendar for making up missed work. She may either write a letter or appear in person. A warning letter will be sent to parents once a student's absences approach the limit of class periods. Absences will be recorded on student grade reports.

Limits: 1st and 2nd semesters – 9 absences per semester

Jan Term – 2 absences for Jan Term

Classes which meet twice a week – 3 absences per semester

Classes which meet four times a week – 6 absences per semester

Classes which meet once a week – 2 absences per semester

Excessive absences for long-term or chronic illness or injury that necessitate a student's missing more than 20 days consecutively or nearly consecutively require that a family arrange for home-bound tutoring. The student may not return to school without written approval from the physician and a parent conference with the school. Credit will be given only if the school determines that the requirements of the course have been met.

GENERAL CLASS DAY ABSENCE PROCEDURES

1. **Day Students** should have their parents call or email the dean of students by 9:00 a.m. on mornings they do not attend school. If a student's parent does not call or email, the student must bring a note from her parent when she returns to school. All absences not excused by the end of the quarter will be marked as unexcused.
2. **Boarders** who are too ill to attend classes should report to the dean's office should report to the dean's office between 8:15 a.m and 8:30 a.m., and they will be taken to the student health center on the college campus.
3. A student who is absent from school may not participate in any co-curricular activities that day (theatre, sports, etc.). Exceptions to this may only be granted by the head of school or the dean of students.
4. If a student misses a class which was not previously excused, the student should report immediately to the dean of students and her teacher. The absence is unexcused and demerits (6) should be assigned.
5. If a student becomes ill during the day, she must receive permission from the dean's office *before* missing any classes. If she fails to obtain this permission, it is

an unexcused absence and points may be deducted or demerits given.

6. A partial day absence is when a student either arrives at school late or leaves early. These absences must be cleared (note, email, or phone call from a parent) by the end of the quarter of the absence. Failure to do so will result in absences becoming unexcused. A reminder: students who do not attend classes on a particular day are not allowed to participate in extracurricular activities that same day.

ACCOMMODATIONS FOR STUDENTS WITH LEARNING DIFFERENCES

1. Although Salem Academy does not offer a special program or specialized instruction designed for students with learning differences, any student diagnosed as having a learning disability and/or attention deficit disorder at Salem Academy is eligible to receive reasonable accommodations if the school has a current psycho-educational assessment on file. This assessment (completed within the last three years) must be administered by a certified psychologist. This diagnosis should indicate a learning disability and/or attention deficit, and the psychologist must indicate a need for accommodations in the classroom.
2. As early as possible, but certainly before the first interim grading period, a student's diagnosis and assessment should be on file in the office of the Academy's learning specialist. The learning specialist will summarize and highlight test results, recommendations, and current needs and will work with Salem Academy teachers to determine what accommodations seem appropriate for each individual student.
3. The file of the student's assessment and diagnosis, as well as the list of accommodations, will be housed in the office of the learning specialist.
4. In order to receive accommodations on standardized tests such as the SAT or ACT, the student must meet the guidelines specified by the College Board and ACT programs, and **apply separately to those organizations**. The learning specialist assists students with these applications. Information and applications are available in the college counseling office.
5. At any time during the year, parents or outside tutors may schedule a meeting with the learning specialist, the director of studies, and the student's advisor to communicate the student's individual needs, but the final decision concerning any accommodations will be made by the teachers involved in collaboration with the learning specialist.
6. Requests for changes in accommodation should be presented to the Director of Studies.
7. Salem Academy considers the following to be among possible reasonable accommodations for students with a learning difference:
 - Preferential seating in the classroom
 - Taped lectures by the student
 - Meetings with the teacher outside of the class

- Syllabus of class content/requirements
- Use of a word processor
- Use of a calculator
- Extended time on tests and exams as recommended by documentation
- Tests and exams taken in a distraction-free environment
- Oral test responses in modern foreign language
- Notes from a classmate and/or notes provided in advance by the teacher

STUDENT LIFE

STUDENT GOVERNMENT

Student government assumes that each girl will respect and uphold the rules and regulations as best she can and assume responsibility for her own actions. In the atmosphere of mutual trust fostered by the honor tradition, allowing students to enjoy a great degree of freedom and privilege, each girl feels a sense of responsibility for her fellow students as well. It is absolutely necessary that all girls understand and comply with this aspect of the honor tradition.

The purpose of student government is to develop responsibility and democratic self-government among the students for the good of the community. Our government is one of mutual trust and respect, based on the honor tradition. We assume that Salem students are truthful at all times, respect the property of others, and are honest in tests, examinations, term papers, and all other academic assignments.

All students are members of student government, and it is through each girl's own individual support of our honor tradition that we have a successful self-government.

THE HONOR CABINET

The Honor Cabinet is the top branch of Student Government, coordinating all other branches of government within it. Matters relating to integrity in academic areas in classrooms, study halls, language labs, science labs, computer lab and the library, and in social areas in the dormitory, on school trips, and within school activities, are handled by the Honor Cabinet. Its chief function is to advise and guide through constructive counsel and leadership. It is concerned primarily, not with the rules themselves, but with the spirit behind the rules. It does deal with actual rules when necessary.

It endeavors to recognize social problems that are surfacing and begins to try to correct the situation. The Honor Cabinet hears cases and recommends disciplinary action to the Administration.

The Honor Cabinet is composed of the following members: the Honor Cabinet president, the Student Council and House Council presidents, 2 elected members (1 day and 1 boarder) from each class, and 2 faculty advisors.

THE STUDENT COUNCIL

The student council deals with student relations, activities, and concerns. The student council is also involved in service projects both in school and in the community. It is composed of the student council president, the honor cabinet and house council presidents, the 4 class presidents, one elected representative from each class, and one faculty member.

THE HOUSE COUNCIL

The house council is responsible for all aspects of life in the dormitory. The council is composed of the house council president, the prefects from each hall, and the director of residence life.

THE PREFECT SYSTEM

Residence Hall prefects assist the dean, the director of residence life, and house counselors in promoting good student relations and addressing issues related to the individual residence halls. Students are invited to apply to be prefects. Final selection of prefects is made by the dean of students and the director of residence life.

QUALIFICATIONS FOR ELECTED OFFICERS

The criteria for elected office are:

- Academic: At least a "C" average with no failures.
- Citizenship: No major rule infractions during the school year of the election, no excessive demerits, not on social probation at the time of the election.

- Willingness to serve: Must be willing to hold the office. Must obey all rules and regulations at all times during her term of office. Any student holding an elected office who is suspended for infractions of rules must relinquish her office.

DRESS

Salem Academy does not have a rigid code of dress but each girl is asked to be neat, clean, and modest, and to dress in a fashion which complements her as an individual. Students are asked to dress neatly and look nice for classes. Following is a list of clothing that may **not** be worn during the class day:

1. Hats, including hoodies.
2. Short shorts (shorts must come to mid-thigh), cut-offs, jeans that are ragged, torn, or have holes. Shorts must have an inseam of five inches.
3. Athletic clothing — sweat pants, athletic shorts, sports bras without a shirt. Exception: P.E. uniforms may be worn to G and H periods on days a student has a P. E. class during one of those periods.

5. Pajamas or clothing that resembles pajamas.
6. Any clothing worn must completely cover underwear and appropriate underwear must be worn. No bare midriffs or strapless items of clothing may be worn to class or out in public.

The final decision on the appropriateness of clothing rests with the faculty, staff, and administration. A student may be asked to change clothes or be given demerits for inappropriate attire.

A student may never go to class, be in the Mary Patterson area of the building, or the dining room with bare feet.

Appropriate dress for school trips will be decided upon by the trip chaperones depending upon the nature of the trip.

The number of days of lost privilege will be based on the circumstances of the infraction. Demerits may also be assigned.

SENIOR RESPONSIBILITIES AND PRIVILEGES

CHURCH ATTENDANCE

The Academy is a Moravian school and adheres to Moravian customs. All of the religious services at the Academy are celebrated in the Moravian tradition. There are three services each year that are required for all students, regardless of religion. We feel that each of our students should experience the tradition on which the Academy was founded.

All students are encouraged to attend the church or house of worship of their choice. Transportation is provided to all of the downtown churches, which covers the major denominations. This transportation is available for early services, Sunday School, and the late morning services.

Although it has a Christian heritage, Salem Academy is non-proselytizing and is respectful of students' religious freedom. Parents may give specific instructions to the dean of students about religious observance for their daughters should they wish to do so.

Community members should act responsibly in such a case. No community member should engage in any dispute or argument with such individuals or try to force them to leave; rather, community members should contact the Public Safety Office immediately. Likewise, no member of the Salem community should offer any assistance to an individual who has been required to leave the property owned or controlled by the Academy or College or charged with trespassing. Accordingly, conduct by any community member contrary to this policy will not be tolerated by the Salem administration and will be subject to administrative review and action.

INCLEMENT WEATHER POLICY

Since the Academy is a boarding and day school, every effort is made to hold classes on time unless weather conditions are so severe that businesses and other residential schools (such as local colleges and universities) find that closing is necessary. This policy may mean that the Academy will remain in session when the public schools or other private day schools are closed. If classes at the Academy are canceled, notice will be given as early as possible to local television and radio stations. Also, students may call the tag room number (721-2775) where the attendant or recorded message will indicate any delay or cancellation. Cancellation information will also be given via text and email.

For students who commute to school from outside Winston-Salem, the school is willing to make provisions for students to spend the night at school, should the need arise.

Of course, no parent or student should take unnecessary risk to get to school on time. Family judgment will have to be the measure of the severity of weather conditions in any case, and the school will respect a family's judgment.

EMERGENCY PROCEDURES

Emergency procedures are in place for weather-related, fire, medical, active shooter, and other potential threats to the safety and well-being of the community. Students, faculty, and staff will receive training (example: fire drills) at the beginning of and throughout the school year.

DEMERIT SYSTEM

Salem Academy expects its students to conduct themselves with honor and integrity and to obey the rules to the best of their ability. Students assigned to Saturday morning study hall are not allowed to leave campus on Friday night. However, sometimes a student will fall short of the expectations and rule infractions will occur. When these infractions are of a minor nature, and not in violation of a major rule, then the infractions are handled with demerits. A few demerits during the period of a week or a grading period (quarter) is not a major problem. However, a pattern of demerit accumulation for the same infractions or numerous infractions indicates a more serious problem and carries more severe consequences.

Faculty and staff will notify students when demerits are being given and the demerits will be reported to the director of residence life. It is each student's responsibility to keep track of her demerits so that she knows her standing. Parents may inquire about their daughter's standing at any time. Parents will be sent written notification of demerits when their daughter's accumulation is excessive.

Demerits are assigned for minor infractions which are not automatic Saturday morning study hall offenses. The demerit week runs from Friday until the following Thursday. Detention study hall will be assigned for Saturday morning or loss of free campus for the following week. A Saturday morning study hall can be rescheduled only with the permission of the dean or director of residence life. It is the student's responsibility to petition for the change of date for the study hall.

DEMERIT LIMITS AND CONSEQUENCES

Students who accumulate 6 demerits in a week will have automatic Saturday morning study hall. Students assigned to Saturday morning study hall are not allowed to leave campus on Friday night.

Students who accumulate 10 demerits in a week will be campused, have Saturday morning study hall, and be assigned a work detail.

A pattern of demerit accumulation will result in notification of parents and the possibility of more severe penalties including suspension.

ALMA MATER

(Academy and College)

Strong are thy walls, O Salem,
Thy virgin trees stand tall,
And far athwart the sunlit hills
Their stately shadows fall.

Firm is thy faith, O Salem,
Thy future service sure,
The Beauty of thy heritage
Forever shall endure.

True is our love, O Salem,
Thy name we proudly own,
The joy of comradeship is here,
Thy spirit makes us one.

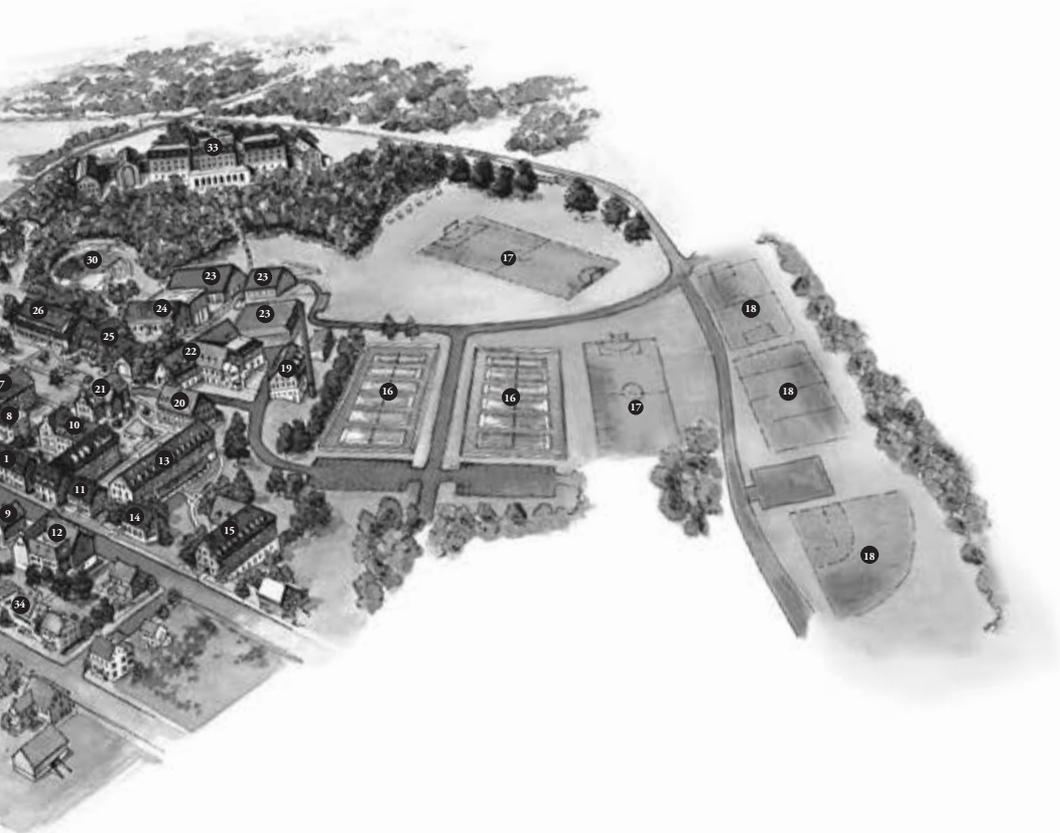

Chorus:

Then sing we of Salem ever,
As proudly her name we bear,
Long may our praise re-echo,
Far may our song ring clear.
Long may our praise re-echo,
Far may our song ring clear.
